Dear Friend,

Autism Spectrum Disorder diagnosis continues to be on the rise. With 1 in 59 children in our community living with an autism spectrum disorder, chances are it has touched your life too. We are here to help.

At the Autism Society of Southeastern Wisconsin, our mission is to improve the lives of all affected by autism. For over 45 years, we've provided programming, resources, research and advocacy to families and the community in an effort to meet our mission.

You can help too. We invite you to become a sponsor at our annual Autism Gala held on Friday, June 19, 2020. At the event, we will be highlighting a variety of new programs and services that we provide to help young people and their families with the transition into adulthood.

We need you in order to continue providing the level of programming our community needs to support the individuals on the spectrum, their families, teachers and medical professionals. There are a number of ways you can support the Autism Society's mission, which are included on the following pages.

Your contribution will have a direct impact on families in Southeastern Wisconsin. 100 percent of the proceeds from our fund-raisers stay in our community.

Currently we are the largest affiliate in Wisconsin and serve 38 percent of the state's population, so what you give goes to help your neighbors, friends, colleagues and loved ones. Thank you for your consideration and we hope to count on your support.

Sincerely,

Emily Levine
Executive Director
