Being on the Autism spectrum can bring challenges that make it harder to enjoy experiences that most kids enjoy in their daily lives.

The Autism Society of Southeastern Wisconsin provides a supportive environment through various events and activities all structured with the goal of providing our children a chance to comfortably learn how to interact with their peers and enjoy these activities.

Everything from learning to ride a bike to water comfort and safety is covered in our events so they can learn to enjoy these experiences.

Become a member today! Scan the QR code with your phone camera to link to our membership application.

Looking for other great programs and events? Check out our Family Program offerings as well.
